

# Hybrid Human-Agent Operating Standard Public License v1.0

---

## Preamble

This Hybrid Human-Agent Operating Standard Public License (“License”) applies to the set of principles, artifacts, and guidelines known as the Hybrid Human-Agent Operating Standard (“Standard”), provided by PatientCentricCare.AI. This License is intended to encourage broad adoption, implementation, and adaptation of the Standard while protecting the integrity of the work and its authors.

By using, reproducing, or distributing the Standard, you agree to the terms and conditions of this License.

---

## 1. Definitions

**“The Standard”** refers to the specifications, documents, and other materials, in any medium, that are published by PatientCentricCare.AI as the Hybrid Human-Agent Operating Standard, including any versioned releases thereof.

**“Adopter”** refers to any individual or organization that uses, implements, cites, or otherwise references the Standard.

**“Work”** refers to any product, service, system, or publication that implements, is based on, or claims alignment with the Standard.

**“Attribution”** refers to the acknowledgment required to be given to PatientCentricCare.AI as the source of the Standard.

## 2. Copyright License Grant

Subject to the terms of this License, PatientCentricCare.AI grants to each Adopter a worldwide, royalty-free, non-exclusive, perpetual license to:

- a) **Use** the Standard for internal or external purposes, including for research, development, and implementation.
- b) **Reproduce** and **distribute** copies of the Standard, in whole or in part, in any medium, provided that this License and all original copyright notices are included.
- c) **Incorporate** the Standard into any Work.

### **3. Attribution**

Any Work that implements or claims alignment with the Standard must include a clear and conspicuous Attribution in its documentation, user interface, or other appropriate location. The required Attribution is:

*“This work implements or is aligned with the Hybrid Human-Agent Operating Standard (v1.0) by PatientCentricCare.AI. For more information, visit <https://www.andysquire.ai/standards/hybrid-human-agent-operating-standard>.”*

### **4. No Endorsement**

This License does not grant the Adopter any right to use the name, logo, or trademarks of PatientCentricCare.AI to endorse or promote a Work without prior written permission. The use of the Standard does not imply any affiliation with or endorsement by PatientCentricCare.AI.

### **5. No Warranty**

The Standard is provided “as is,” without warranty of any kind, express or implied, including but not limited to the warranties of merchantability, fitness for a particular purpose, and non-infringement. The entire risk as to the quality and performance of any implementation of the Standard is with the Adopter.

### **6. Limitation of Liability**

In no event shall PatientCentricCare.AI or the authors of the Standard be liable for any claim, damages, or other liability, whether in an action of contract, tort, or otherwise, arising from, out of, or in connection with the Standard or the use or other dealings in the Standard. The Adopter is solely responsible for its compliance with all applicable laws and regulations in its jurisdiction.

## **7. Governing Law and Jurisdiction**

This License shall be governed by and construed in accordance with the laws of **Switzerland**, without regard to its conflict of law provisions. Any disputes arising under this License shall be subject to the exclusive jurisdiction of the competent courts of the Canton of Zürich, Switzerland.
